Human Trafficking Unit

Brooklyn Human Trafficking Task Force is comprised of over 35 Federal, State and Local Law Enforcement and Service Providers

- Conducts investigations and prosecutes traffickers;
- Provides services, support, advocacy, protection, and community referrals to survivors of human trafficking;
- Provides education and outreach in the community on human trafficking; and
- Utilizes a collaborative model and a victim-centered approach.

The Federal Trafficking Victims Protection Act (TVPA) of 2000, defines “sex trafficking as the recruitment, transportation, transfer, harboring, or receipt of persons for the purposes of commercial sexual exploitation. Sex trafficking is accomplished by means of force, fraud, or coercion.”

Under the New York State Trafficking in Victims Protection and Justice Act a person commits an act of labor and/or sex trafficking if s/he intentionally advances or profits from prostitution by:

- Providing a drug to impair victim’s judgment; or
- Making false statements or omissions; or
- Withholding or destroying ID; or
- Requiring prostitution to pay off real or purported debt
- Using force or plan/pattern to instill fear that trafficker will:

1. Cause physical injury or death; or
2. Cause property damage; or
3. Commit felony or unlawful imprisonment; or
4. Accuse some person of a crime or cause deportation; or
5. Expose/publicize information causing hatred, contempt or ridicule; or
6. Testify, provide or withhold info regarding a legal claim/defense; or
7. Use or abuse power (public servant) to adversely affect a person; or
8. Commit any act calculated to harm the health/safety/immigration status to the patronized person.

Under Federal and NYS Law, children less than 18 years old are presumed to be victims of Sex Trafficking and the fraud, force or coercion element is not needed.

Pregnancy Health Services

“Nurse-Family Partnership:” The Nurse-Family Partnership is a free, voluntary program that continues for you until your baby’s second birthday. The nurse who helped you prepare for all the stages of your pregnancy and delivery is still there for you-through breastfeeding, bathing your baby, and changing diapers. [The nurse] will talk with you about talking to your little one-and about planning goals so that your family has a good future. [Your nurse] will be there for you during pregnancy and after your delivery...[as you create the best possible life for your baby and yourself].”
