As of August 2, 2021, all new hires must be vaccinated against the COVID-19 virus, unless they have been granted a reasonable accommodation for religion or disability. If you are offered city employment, this requirement must be met by your date of hire, unless a reasonable accommodation for exemption is received and approved by the hiring agency.

**Job Description**

The Kings County District Attorney's Office, located in the Metrotech area of Brooklyn, New York, is accepting applications for the junior position of .Net Programmer/ Software Engineer to complement our existing Information Technology team. Under general supervision, with latitude for independent initiative and judgment and decision the prospective candidate will perform the following duties: Design, develop, test and maintain software used in the work of the Kings County District Attorney's office using Microsoft Technologies (ASP.NET, C#, SQL). Troubleshoot existing software and data structures toward building the next generation of data/software to drive the KCDA's mission. Work on multiple web applications built in .NET of varying degrees of complexity and priorities. Technologies include C#, .NET 4.0/4.5/Core, MVC4+, ADO.net, Web Services, HTML5, CSS, JavaScript, Microsoft SQL Server, Power BI. Develop ad-hoc data integration/transformation solutions using SSIS, stored procedures and 3rd party tools. Assist with the development of IT project plans and provide time/effort estimates for assigned work. Curious, self-driven and willingness to expand technical skill set

**Minimum Qualification Requirements**

1. A baccalaureate degree from an accredited college and two years of experience in community work or community centered activities in an area related to the duties described above; or
2. High school graduation or equivalent and six years of experience in community work or community centered activities in an area related to the duties as described above; or
3. Education and/or experience which is equivalent to "1" or "2" above. However, all candidates must have at least one year of experience as described in "1" above.

**Preferred Skills**

A baccalaureate degree from an accredited college, including or supplemented by 24 semester credits in computer science or information technology or similar fields. Proven software engineer/programmer experience, demonstrated through academic projects, work experience, or an active Github account. Possess hands-on web-based application development experience. Demonstrate understanding of different software development life-cycle methodologies. Possess hands-on experience with relational database design and implementation. Excellent verbal and written communication skills. Ability to work well and communicate effectively with other professionals.

**Additional Information**

**Residency Requirement**

New York City residency is generally required within 90 days of appointment. However, City Employees in certain titles who have worked for the City for 2 continuous years may also be eligible to reside in Nassau, Suffolk, Putnam, Westchester, Rockland, or Orange County. To determine if the residency requirement applies to you, please discuss with the agency representative at the time of interview.
