What is Human Trafficking?

BASIC STAGES OF GROOMING

Grooming is the process of preparing or training someone for a specific purpose, sex or labor trafficking

ABUSE BEGINS

The trafficker begins to claim that the services, gifts, or debt must be repaid. In sex trafficking cases, the trafficker demands the victim work in the commercial sex industry to repay debt. In labor trafficking cases, the trafficker creates toxic working conditions for the victim.

MAINTAIN CONTROL

The trafficker maintains control of the victim through threats, violence, fear, or blackmail.
